Residence 3 offers the most expansive design at Huntington, spanning three levels of beautifully organized living space. On the entry level, a convenient powder bath and built-in desk with optional upper cabinets create a perfect corner for working, studying, or staying organized. The second level is the true centerpiece of the home, featuring an expansive kitchen with a large corner walk-in pantry and an open-concept dining and gathering room. A private deck just off the main living area makes it easy to host gatherings, enjoy fresh air, or simply unwind at the end of the day.

Upstairs, three bedrooms provide peaceful retreats, including the luxurious owner's suite with a spa-inspired bath, dual sinks, and a generous walk-in closet. Two additional bedrooms share a full bath, making it a great setup for families or roommates. With two powder baths, a spacious two-car garage, and a balance of shared and private spaces, Residence 3 combines style, function, and flexibility for modern living. **See Agent for more details.**
